

APPLICATION GUIDELINES

For undergraduate program of Information Technology taught in English by PTIT under the ASEAN-Vietnam ICT Scholarship offered by Vietnamese enterprises for ASEAN students (AVIS)

I. Application Guidelines

1. About AVIS Scholarship

The ASEAN-Vietnam ICT Scholarship (AVIS) is the initiative of the Ministry of Information and Communications of Vietnam (MIC Vietnam) to enhance the human resource development of ASEAN nations in the field of ICT. The scholarship program is carried out by the Posts and Telecommunications Institute of Technology (PTIT) with the financial sponsorship of outstanding Vietnamese enterprises including Vietnam Posts and Telecommunications Group (VNPT), Viettel Group, VinGroup, CMC Corporation, FPT Joint Stock Company, Misa Corporation, starting in academic year 2019-2020. Here is the main information of the AVIS program:

- AVIS targets young talented students from the age of 18 to 25 who are expected to play a pioneer role in the ICT development of their countries.
- AVIS provides full scholarships to ASEAN students to study four-year undergraduate program in Information Technology (instructed in English) taken at Posts and Telecommunications Institute of Technology (PTIT), Vietnam.

❖ Objectives of AVIS

- **To support for ICT Human Resource Development in ASEAN nations**

AVIS's objective is to strengthen ICT capacities in ASEAN region through providing the opportunities to obtain Engineer's degree in Information Technology taken at PTIT, a leading ICT university in Vietnam for young talented students who are expected to contribute to their countries in actively applying ICT technology to the Fourth Industrial Revolution.

- **To enhance Multi-lateral Relationships among ASEAN nations**

AVIS fellows are expected to solidify foundations to further bilateral and multi-lateral relations with Vietnam and among ASEAN by taking advantage of their human network developed during their study time in Vietnam through social and academic activities.

❖ Beneficiaries of AVIS

▪ For the participants (AVIS fellows)

AVIS fellows will acquire a sound education in all aspects of information technology, especially in software engineering and artificial intelligence to be ready for the Industry 4.0, as well as providing a pathway to postgraduate study or a research career.

▪ For the Vietnamese sponsors

AVIS's sponsors are big corporations in Vietnam with the strong commitment to share and devote themselves to the development of ASEAN in the field of ICT and education, not only in terms of finance but also their experiences in production and doing business in the field of ICT in Vietnam.

▪ For ASEAN nations

The fellow's nations will have a number of talented IT staff to foster their responses to the advancement of science and technology in the Fourth Industrial Revolution.

2. Applicant Eligibility

| | |
|----------------------------|---|
| Nationality | Citizens of the ASEAN countries and residing in ASEAN at the time of application. |
| Age | Between 18 and 25 as of October 20 th , 2019. |
| Academic Background | <ul style="list-style-type: none">• Possess a high school diploma authorized by the respective Governments of ASEAN nations.• GPA of high school years from 7.0 upwards (point scale of 10 or equivalent). |
| English Proficiency | <ul style="list-style-type: none">• Candidates must obtain IELTS 6.0 (or TOEFL paper/computer/internet of 550/213/80 respectively) or other equivalent certificates issued by authorized testing and certification bodies.• Graduates from high school or junior college programs taught in English are exempted from submitting English certificates. |
| Health Condition | <p>Mentally and physically in good health.</p> <ul style="list-style-type: none">• Note: Applicant must show up their health check certificate along with application profiles. 5. Selection Criteria

| Selection process | Criteria | Intent and Purpose |
|--|---|--|
| 1st Selection Document Screening | <ul style="list-style-type: none">• Academic records and background.• Possibility of future contribution by utilizing acquired knowledge.• Content of Application Letter.• Official Nomination Letter. | The Admission Committee will review applicant's academic background and possible ability to future contribution when completing the training program then shortlist the interview phase. |
| 2nd Selection Skype Interview | <ul style="list-style-type: none">• Academic background and learning ability.• Capacity for completing the study in Vietnam.• Possibility of contributing to the development of the home country. | The Admission Committee will check academic background as well as communication and logical thinking skills through interview. |

6. Scholarship Benefits

AVIS is a FULL scholarship program for each candidate during their whole 4-year study in Vietnam, including:

- Full tuition fee
- Two round-trip airfares
- Arrival allowance
- Accommodation
- Monthly stipend (10,000,000 VND/ month, equivalent to 425 USD/month)
- Health insurance
- Vietnamese Tet Holiday

7. Important Rules

AVIS has specific rules in order to realize its project goals and to ensure favorable study environment for the fellows.

Before departure

- AVIS fellows must submit a pledge to the ASC in order to commit themselves to follow AVIS Rules.

During the stay in Vietnam

- The fellows must complete the study within the predetermined period of study.
- If the fellow is subject to disciplinary action by the PTIT or has no prospect of academic attainment within the predetermined period of study for any reason such as poor study performance, health problems, family-related problems, etc, ASC will consider and give final decision to stop scholarship's payment.

After returning to home country

- The Fellow are recommended to maintain their network during their study period to develop initiatives for a strong ASEAN.

II. Admission

1. Application Documents

Application Form can be downloaded at <http://cie.ptit.edu.vn/eng/>

2. Precautions

- Three (3) sets of Application Documents (1 Original / 2 Photocopies of the original one) are required.
- All documents written in other language than English need notarized English translation (self-translation is not acceptable).
- Use only A4 size paper for all copy sets.
- Do not staple the documents. Put a paperclip on them instead.
- Make your own extra copy of the Application Documents before submission.

3. List of Application Documents

| Doc No. | Application Documents | Remarks |
|----------------|---|---|
| 1. | Application Form with Photos (4cm x 6 cm) (designated form) | <ul style="list-style-type: none">• 3 photos (taken within the past 3 months) must be attached to the 1st page of all the 3 sets.• Must have signature on the lower right-hand corner of EACH PAGE. |
| 2. | High School Diploma | <ul style="list-style-type: none">• If in other languages (not English): submit notarized translation copies.• Must contain all the grades earned from high school. |
| 3. | Official Academic Transcript | |
| 4. | International English proficiency test results or a Confirmation Letter from respective high schools or junior colleges verifying that their academic programs are taught in English. | <ul style="list-style-type: none">• Valid Certificate.• In case the certificate does not mention the expiry date, only the test results issued on/after October 20th 2017 are valid.• The Confirmation Letter must be sealed and signed by the legal representative. |
| 5. | Certificate of Health Examination | <ul style="list-style-type: none">• Issued by a provincial-level hospital upwards. |

| | | |
|----|----------------------------|--|
| | | <ul style="list-style-type: none"> • Must be formed in English or notarized English translation (if in other languages). |
| 6. | Application Letter | <ul style="list-style-type: none"> • Self-written by applicants. • Present the reason for applying for this scholarship, summarize academic knowledge and achievements as well as plan to contribute to the development of the country after completion of the course. |
| 7. | Official Nomination Letter | <ul style="list-style-type: none"> • Must be written by the respective ASEAN ICT Ministries. • Must be typed in English or accompanied with official translation. • Must be sealed and signed by a legal representative. |
| 8. | Passport (photocopy) | Photocopy of personal page only. |

4. Arrangement of Application Documents

3 sets of Application Documents are required (1 original set and 2 sets of copy).

Arrange those sets, following a manner of arrangement below.

The document No. below corresponds to the ones in the table above. List of Application Documents.

Set 1 (original set)

1. Application Form
2. High-school diploma
3. Official Academic Transcript
4. English Certificate
5. Certificate of Health Examination
6. Application Letter
7. Official Nomination Letter
8. Passport (photocopy)

Set 2 / Set 3 (Copy sets)

- Make 2 sets of copy from Set 1
- Attach the ORIGINAL photo on 1st page of each Application Form
- Separate the copies into 2 individual set

5. Submission of Application Documents

- **Important Notice**
 - Application lacking necessary documents will not be accepted.
 - Application submitted after the deadline will not be accepted.
 - Application will be disqualified in case false statements and/or plagiarism is found/
 - Application Documents will not be returned for any reasons.
- **Tips on submission**
 - We recommends submitting the Application Documents at least a week prior to the application deadline. This will help us to be able to give advice on the arrangement of the documents and the applications also have time to revise or correct it.
- **Deadline for Application Submission**

Deadline for Application: 17.00, October 20th, 2019.

UNDERGRADUATE PROGRAM IN INFORMATION TECHNOLOGY

AVIS SCHOLARSHIP

1. PROGRAM OBJECTIVES

The objectives of the Information Technology program at PTIT are to prepare students for future work and careers in computing with proficiency and integrity. Graduates of the program can:

- Work professionally in one or more of the following areas: software design, developing, and testing; data science, machine learning engineering; computer science research.
- Work effectively in a variety of contexts, both as individuals and in team environments.
- Engage in lifelong learning to remain effective professionals in a constantly changing world of technology.
- Be aware of professional and societal responsibilities, and committed to ethical actions.

2. LEARNING OUTCOMES

2.1. General engineering outcomes

Graduates of the program are expected to be able to:

1. Apply the knowledge of mathematics, science, and engineering to identify, formulate, and solve engineering problems.
2. Design and conduct experiments, as well to analyze and interpret data.
3. Design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
4. Function on multidisciplinary teams.
5. Identify, formulate, and solve engineering problems.
6. Understand professional and ethical responsibility.
7. Communicate effectively.
8. Understand the impact of engineering solutions in a global, economic, environmental, and societal context.
9. Demonstrate a working knowledge of contemporary issues.
10. Apply the techniques, skills, and modern engineering tools necessary for engineering practice.
11. Transition from engineering concepts and theory to real engineering applications.

2.2. Specialization skills

There are two specializations in the program: 1) Software Engineering and 2) Artificial Intelligence. Graduates of each specialization are expected to have respective additional learning outcomes.

Software Engineering

The graduates of Software Engineering specialization will be able to:

1. Capture and analyze in detail user requirements.
2. Design and develop a software system that meets the real requirements.
3. Estimate and plan a software project.
4. Build a test plan, run a test plan and assure the quality as well as manage the documents of a software project.
5. Creatively apply the learned knowledge to resolve the main issues in the software development domain.

Artificial Intelligence

The graduates of Artificial Intelligence specialization will be able to:

1. Enhance data collection procedures to include information that is relevant for building intelligent systems
2. Conduct data preprocessing, data cleaning, and data visualization
3. Select features, build, and optimize data analysis models using machine learning techniques
4. Select suitable data mining/machine learning algorithms to build intelligent systems
5. Apply the learned knowledge to develop and resolve the main issues in artificial intelligence projects.

3. **DURATION** : 4 years
4. **TOTAL CREDITS** : 130 credits
5. **GRADE POLICY** : Credit-based

6. PROGRAM

6.1 Program structure

| N. | Knowledge | Credits |
|-----------|---------------------------------------|----------------------|
| 1 | Fundamental | 41 |
| 2 | Professional | 69 |

ABOUT US

Posts and Telecommunications Institute of Technology (PTIT) is a national public university within the Ministry of Information and Communications. For over the past 20 years, PTIT has been considered as one of the leading ICT universities in Vietnam, which provides thousands of high-quality students for the labour market locally and regionally every year. In 2019, PTIT is ranked as top 10 best universities in Vietnam by Webometrics Ranking of World Universities.

PTIT has two campuses based in Hanoi and Ho Chi Minh City – the two most populous and modern cities of Vietnam. For AVIS scholarship program, students will be arranged to study at PTIT campus in Hanoi.

 - Vietnamese Tet Holiday

APPLICATION DOCUMENTS

- Application Form with photos (4x6 cm)
- High school diploma
- Official academic transcript (notarized translation copies)
- English certificate (issued by internationally recognized testing and certification agents)
- Certificate of health examination
- Application letter
- Official nomination letter
- Passport (photocopy)

STUDENT SUPPORT

Center for International Education (CIE) is the main point of contact for all AVIS students offering pre-arrival advice and guidance, and helping students during their studies and stay at PTIT. The Student Support Division is based at the 3th Floor AT Building at PLE Dong Campus. They provide an integrated one-stop shop for all student-related issues which means that AVIS students don't get passed around between departments. Services include everything from academic, administrative to cultural events.

ACCOMMODATION

Living in campus in an air-conditioned hall is great way for you to become part of PTIT international family. At PTIT, there are equipped international students dormitory with modern facilities in different majors and you will have chances to get to know and work with these students. The scholarship will cover your stay in the residence hall. You can also choose to live in private houses. Accommodation includes two single bedrooms, bathroom, kitchen with modern facilities, living room.
